STRIKE CLAIMS  
CONFLICT; BOTH  
SIDES CONFIDENTBethlehem Mill Owners As-  
sert Plants Are Not  
Badly Crippled.TWO FURNACES STARTED IN  
CARNEGIE MILL AT FARRELLStrike of Ore Handlers  
Strengthens Union's  
Effort to Halt Industry

Today, proclaimed by both sides as one of the crucial tests in the great steel strike, opened with the situation still obscure because of conflicting claims. The opposing sides issued flatly contradictory statements today in regard to the proposed strike of the 40,000 workers in the plants of the Bethlehem Steel corporation. The corporations claimed that the strike call had been obeyed only by a comparatively insignificant few and that operations in their mills were continuing.

The union officers replied with the claim that the huge plant at Bethlehem was completely crippled and that the power house had been forced to close.

Reported conditions in the other great steel centers indicated that the balance was being held fairly equally between the two opposing sides.

On the other hand there was nothing to support the statement of the steel company officials that the day would see wholesale desertions in the ranks of the strikers, and on the other hand there was a definite increase in mill operation.

Farrell, in the Pittsburgh district, one of the most hotly contested sectors on the striking front, the Carnegie Steel company resumed operation of the two blast furnaces. At Youngstown where the strikers have so far been successfully stopping operation, groups of workers entered the Carnegie plant but the superintendent stated operation would not be resumed for the present.

To offset the relative minor gains the strikers at Cleveland were successful in tying up the docks of the Pennsylvania railroad company and the Otis Steel company through a sympathetic walkout of ore and coal handlers. As usual at headquarters of both sides the utmost confidence in the final issue of the struggles was expressed.

SAY BETHLEHEM PLANT  
IS BADLY CRIPPLED

Pittsburgh, Sept. 29.—Steel strike headquarters today gave out the following telegram from David Williams in charge of the strike at the Bethlehem plant at Bethlehem, Pa.

"Bethlehem plant completely crippled by strike. Power plant shut down."

Reports from corporations, union headquarters, police and other sources in the Pittsburgh district today did not indicate a substantial change in the steel workers strike which has now entered its second week.

No serious break was reported at the large independent plant of the Jones & Laughlin company in this city against which the unions had announced an intensive campaign to shut down the works.

A company representative said that about the same number of men as reported last week were at the works today, while at union headquarters it was reported that fewer workers answered the whistles than on any other day since the strike started.

The Pennsylvania works of the National Tube company here closed last week, opened for operation today. Homestead, Bridge, Duquesne and Clairton plants of the Carnegie company were reported as operating on about the same basis as last week, though there were conflicting claims by each side as to the number of men in the works.

From strike headquarters came the statement that with the additional organizers brought into the field during the past few days there would be very few desertions and a large number of additions to the strikers ranks.

Meetings of strikers were held in halls throughout Allegheny county yesterday under supervision of Sheriff William S. Hadden. No outbreaks attended the gatherings and no outbreaks were reported.

EASTERN PLANT NOT  
AFFECTED BY ORDER

Baltimore, Md., Sept. 29.—The strike order of the national organizing committee at Pittsburgh, calling on the steel workers of the Bethlehem Steel corporation at 8 a. m. today had no effect upon the Sparrow's Point branch of the company, according to General Manager W. F. Roberts of the local plant this morning. Every department of the steel works was running with full force, he said, except the tin plate mill where 50 of the workmen failed to report for work.

Between 5,000 and 8,000 men are employed at the steel plant.

STRIKERS CLAIM TO  
MAKE GAIN IN CHICAGO

Chicago, Sept. 29.—A test of strength between steel mills and striking workmen was expected to develop today throughout the Chicago district, following the announcement that an attempt would be made to put in operation a number of plants which were closed by the strike.

Union leaders put out many additional pickets early in the day with instructions to endeavor to prevent the return of men to the mills. Chiefs of police and sheriffs, in districts where steel mills are located, ordered out reinforcements.

STEEL STRIKE OFFICIALS TALK OF SUIT  
TO "REVEAL POSITION" OF OFFICIALS

John J. Fitzpatrick, at left, and William B. Rubin.

Following their appearance before the senate labor committee investigating the strike Chairman John J. Fitzpatrick of the steel strikers' national committee, and William B. Rubin, counsel for the strikers, stated that plans were being made to bring suit against Judges Gary and Pierpont Morgan of the steel corporation to "reveal their real positions" in the steel body.

GOVERNOR READY 10,000 IN LINE  
TO STOP INVASION FOR BIG SERIESCox Declares Laws of State  
Will Be Enforced; Warns  
Steubenville Mayor to  
Use Every Effort First.

Columbus, Sept. 29.—Although Ohio troops, ordered mobilized yesterday, were ready today to prevent striking steel workers at Steubenville from marching into West Virginia in an effort to organize the workers at the plant of the Weirton Steel company at Weirton, Va., indications were that their service would not be necessary.

Reports received by Governor Cox today stated the Steubenville strikers had cancelled their plans for a parade to Weirton. Fifteen companies of Ohio national guard were being held in their armories today ready to move if necessary.

In a telegram to Mayor Feist of Steubenville the governor said, "The state imposes upon him the duty of maintaining law and order, the executive authority should not be invoked until local authority has exhausted its efforts. He says the governor of West Virginia is 'thoroughly justified' in regarding an invasion of that state by a large number of strikers as an attack on the sovereignty of the state and asks the Steubenville mayor to summon to his assistance every instrumentality to quiet mob spirit if it is present."

The aspect of the proposed "invasion" the governor said, presents something more than a dispute between capital and labor and added that "the laws of the state must and will be respected and enforced. The spectacle of high state of excitement and of their own is something that will not be tolerated upon Ohio soil."

"America has maintained a liberal attitude toward foreigners who come here, but it must be presupposed at all times that while they are here they must recognize what American ideals and experience of society suggests, in the matter of individual conduct" the governor continued.

In a statement issued this morning explaining why the national guards had been mobilized, Governor Cox reviewed the situation concerning the report that 5,000 steel workers, mostly untrained foreigners were preparing to make the march into West Virginia, and stated that, though the proposed movement had receded with in the last two or three days, West Virginia authorities "seemed to be in a state of high excitement and apparently their guard was not equipped to meet the emergency."

TROOPS ON DUTY AS  
ITALIAN HOUSE MEETS

Paris, Sept. 29.—(Havas).—During the session of the Italian chamber of deputies in Rome yesterday a considerable number of troops was concentrated around the center of the city and on the main streets leading to it.

According to the Rome correspondent of Le Journal, the city may be said to be under martial law.

MEN STRIKE WHEN POLE  
CAT GETS ON THE JOB

Youngstown, Sept. 29.—Men at work on a new sewer in Mill Creek park here went on strike today when they found a skunk in possession of their ditch. Work was held up for two hours until two courageous youths were persuaded to drive out the intruder.

NO MILLS ARE  
OPENED MONDAY  
IN OHIO DIST.Plan to Start Mills Today  
Not Carried Out By  
Youngstown Plants.SITUATION SHOWS LITTLE  
CHANGE FROM LAST WEEKProposed "Invasion" of  
West Virginia Called Off  
at Steubenville.

The second week of the steel strike was ushered in today with little change in the Ohio situation. All the Ohio plants closed last week because of the strike remained closed today, despite rumors that the steel companies would make strenuous efforts today to reopen their mills.

Groups of workers entered the Ohio works of the Carnegie Steel company at Youngstown today and steam was up in some departments, but indications were that no business was being done. Announcements were made by the company last week that it would reopen its Youngstown mill today, but later advice from company officials stated the mill would not attempt to run until men return in sufficient numbers.

At Steubenville the proposed parade of Ohio steel workers into Weirton to have been held this afternoon was called off. Union leaders stated necessity for the parade had passed as the Weirton men had been organized from this side of the Ohio river.

Fearing the parade would be held Governor Cox yesterday ordered the Ohio national guard mobilized. This action was taken by Governor Cox following telegrams from Governor Cornell of West Virginia, asking that the "invasion" be stopped. The Ohio troops were resting on their arms today, but indications were that they will not be needed.

Conditions throughout the Ohio strike area were reported quiet.

ORE HANDLERS QUIT  
TO HELP STRIKERS

Cleveland, Sept. 29.—The strike of 300 union ore and coal handlers this morning in sympathy with the striking steel workers virtually stopped activities at the docks of the Pennsylvania Railroad company and the Otis Steel company, although it was said that a few men not in the Longshoremen's union had remained at work and that some work was being done at the Pennsylvania docks.

WEIRTON MILLS NOT  
ENTIRELY CLOSED DOWN

Steubenville, Sept. 29.—Thomas J. Donnelly, secretary-treasurer of the Ohio branch of the American Federation of Labor, after being called into conference with Governor Cox brought a message to striking steel and iron workers of the Steubenville district at a general mass meeting last night in which the governor expressed his confidence in the workers of the Steubenville district in remaining law abiding and would not invade the sister state of West Virginia. Mr. Donnelly reports he had received after coming here shows that a parade to Weirton, Va., would not be made necessary as the mill would be closed Monday because they had succeeded in organizing the workmen from this side of the river.

Reports from Weirton, Va., this (Continued on Page 2, Col. 5)

ITALIAN CABINET  
WINS IN VOTEChamber of Deputies Votes  
Confidence in Ministry  
208 to 148—Riot In  
Chamber.

Rome, Sunday, Sept. 28.—Debate in the chamber of deputies was interrupted today by a free fight which lasted 10 minutes and in which about 100 deputies participated. The opinion is expressed in some quarters that the cabinet as a result of the riotous incident may decide to resign rather than plunge the country to a struggle during the general election. It is asserted that the fight in the chamber indicates what would occur in the country.

The correct figures for the vote of confidence given the cabinet was 208 to 148.

The chamber adjourned tonight until Wednesday when it will decide whether a vote shall be taken on the question of discussing the peace treaty.

In consequence of the fight in the chamber several challenges to fight duels were announced between deputies and between deputies and journalists.

A prolonged heated discussion preceded the riotous scene. The members of the parliamentary league insisted upon asking the government whether it intended to discuss the treaty before adjournment. Premier Nitti answered that he would first have a vote of confidence and then whatever cabinet should be in power would decide what should be done. Thereupon members of the parliamentary league invaded the ministers' bench shouting and gesticulating.

A party of socialists then arose from their seats and facing their adversaries, the group soon engaged in fistie encounters.

Premier Nitti, who had left the government benches, returned to his place when the disturbance had somewhat subsided. He was greeted with applause.

RIVAL CANDIDATES  
IN NEW JERSEY'S  
GOVERNOR RACESenator Edward I. Edwards, above  
and Newton A. K. Bugbee.

Senator Edward I. Edwards recently won the Democratic nomination for the governorship of New Jersey, and Newton A. K. Bugbee won the Republican nomination. The race between the two is expected to be a strenuous one.

WILSON SPENDS  
RESTLESS NIGHTPhysician Announces That  
President Slept Awfully  
This Morning—Will Re-  
main in Seclusion.

Washington, Sept. 29.—President Wilson spent a restless night last night, but is sleeping this morning, Rear Admiral Grayson his personal physician, announced today.

Secretary Tumulty said the president would remain in seclusion at the White House for the present.

The industrial conference called for October 6 will be held despite the President's illness, but whether the president will attend will depend on the progress he makes toward recovery. The president's condition now, Secretary Tumulty said, would not justify his attendance.

The president will not be able to receive immediately Viscount Grey, the British ambassador, who arrived there Saturday, but when his health permits him to see visitors, Viscount Grey probably will be among the first to be received.

In a bulletin issued last night, Dr. Grayson said Mr. Wilson had a fairly comfortable day. After a short motor ride during the afternoon, which was thought beneficial as a contrast to the day spent on the train during his trip, the president went to bed early.

HE'S ALL HET UP  
BUT U. S. ISN'T  
WORRYING MUCHPresident Francisco Menrique Y.  
Calvajal.

President Calvajal of Santo Domingo objects to U. S. troops being stationed there and has ordered the U. S. state department to withdraw them. His position has not been recognized by the U. S. today and no change in the administration for the island republic is being planned as a result of his naughty words.

Omaha Mayor Escapes  
Death At Hands of a  
Mob; Negro is LynchedMOB HAD ROPE AROUND MAYOR'S NECK WHEN  
COOLER HEADS PREVAILED AND SAVED  
HIS LIFE.FEDERAL TROOPS RESTORE QUIET;  
POLICE OFFICERS DESERT THEIR POSTSCourthouse and Jail Practically Destroyed By Fire Start-  
ed By Mob to Smoke Out Sheriff and Prisoner—  
Negro's Assault Causes Mob Action.

Omaha, Neb., Sept. 29.—The condition of Mayor E. P. Smith, whom members of a mob attempted to hang when he refused last night to deliver to them William Brown, a negro, who was accused of assaulting a white girl, was reported by his physicians to be slightly improved today. The mayor, who suffered from cuts and fractured bones, recovered consciousness at noon.

Washington, Sept. 29.—Major General Leonard Wood, commanding the Central department, with headquarters at Chicago, has been named by Secretary Baker to proceed to Omaha, where federal troops were sent last night to quell a race riot.

Omaha, Neb., Sept. 29.—Mayor Ed P. Smith, of Omaha, injured late yesterday when a mob attempted to lynch him during race rioting here, was still in a critical condition this morning, reports from the hospital indicated. At the hospital it was stated that the mayor had recovered consciousness. His physician, Dr. E. C. Henry, however, said it was too early to make any definite statement as to the mayor's condition.

After a night of mob riot in which a negro was lynched, an attempt made to hang the mayor, the county court house burned, one man shot and killed, and perhaps 40 others injured, the city was quiet today, under patrol of federal troops from Fort Crook and Fort Omaha.

The mob attempted to hang the mayor to a trolley pole, because he advised against the lynching of William Brown, a negro who was in the county jail charged with assaulting a white girl on the outskirts of the city early last week.

Mayor Smith was seized by the mob on 17th street, near the court house about 10 o'clock and was threatened with lynching. He was hustled to a trolley pole and dropped at the foot of a trolley pole on the cross arm of which was a coil of rope.

"Give us the key to the jail," "If he won't let us hang him, we'll hang him," "He's no better than the nigger," "He's a nigger lover," were the shouts heard among the mob.

"Get the rope," some one shouted. It was pulled down by a loose end, but the rope was almost overhead and the mayor was not long enough to reach. A man the elevator were Mayor Smith, Commissioner Ringer and Chief Eberstein.

The woman prisoners were screaming at the top of their voices. We took 15 women prisoners and released them rather than have them screaming in their cells.

"Later we took the male prisoners out of their cells when it became too hot there and led them to the roof of the building. They were panicky. The negro prisoners seized Brown and tried to push him over the cornice into the crowd below but white prisoners and deputy sheriffs restrained them."

"I was on my way up a stairway to the roof when a mass of bodies tumbled down over my head and sprayed the floor beneath me."

"The colored prisoners had bolted by me with Brown in their clutches. They hurried him to the floor below and turned him over to the police. I or more who had climbed into the windows (Continued on Page 2, Col. 4)

ENGLISH RAIL STRIKE  
CLOSES WELSH MINES

London, Sept. 29.—Improvement in the situation created by the general strike on the British railways was announced in official quarters this morning. The distribution of food was being carried out without friction and volunteer help was being freely offered. It was stated.

On hundred thousand miners are idle in the South Wales coal fields as a result of the railroad strike. Many collieries are closing down and the Swansea harbor trade is at a standstill.

Premier Lloyd George, Sir Auckland Geddes, the minister of commerce and construction and Sir Robert Stevenson, Horne, the minister of labor, were in conference throughout the forenoon today, while the strike committees also were constant session.

James Henry Thomas, secretary of the national union of railway men, declared at noon there were no new features in the situation.

Railroads running out of London will attempt to operate on skeleton schedules today, according to announcement. It is hoped thus to cope with the strike situation which brought about an almost total suspension of traffic yesterday.

This strike and the fact that it has virtually stopped traffic on all English roads.

Ninety per cent of the railway workers in Scotland are idle. Irish roads are not as yet involved in the strike but the men there have been instructed by union headquarters to hold themselves in readiness to walk out.

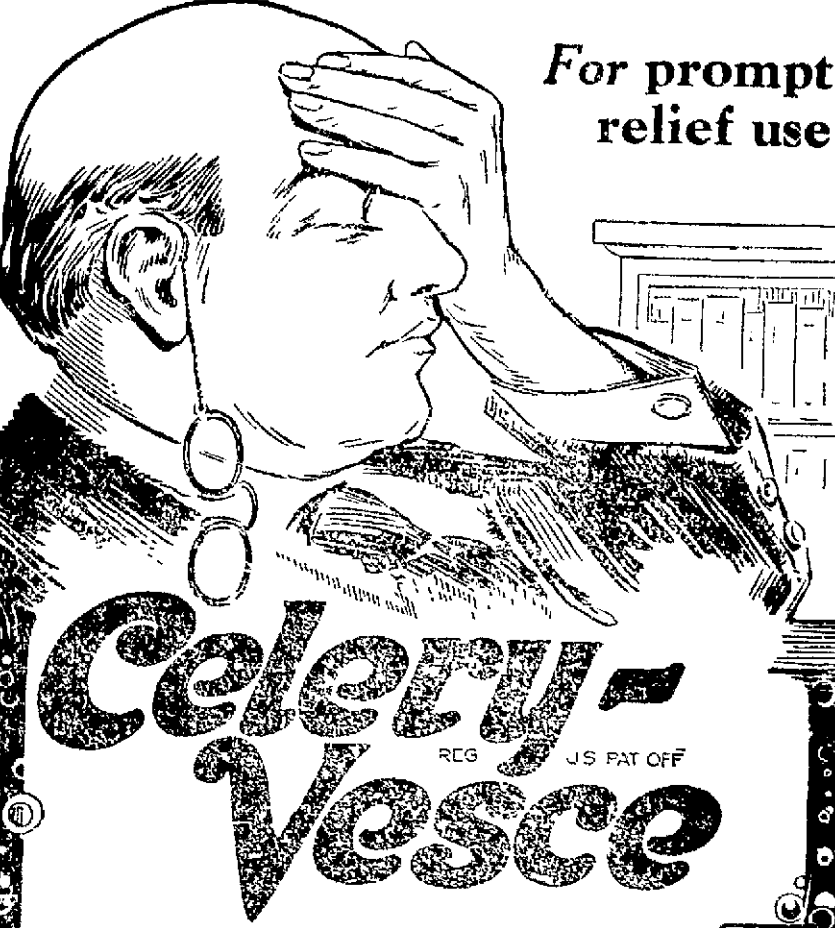

Concern is felt over the possibility of the strike spreading to the miners and transport workers unions which are affiliated with the national union of railway men. James Henry Thomas, leader of the railway workers said yesterday he would ask the assistance of the "triple alliance" only in case he "cannot fight the railroad question alone."

London is being fed by means of fleets of motor lorries which bring milk and other foodstuffs to the city. The government has appealed to the people to economize as much as possible in petrol, fuel and food.

NEWS IN THE WANT COLUMNS FOR YOU TONIGHT

# Camel CIGARETTES

18 cents a package

Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or, that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full-bodied and so full of satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! You will prefer Camels to either kind of tobacco smoked straight!

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigarette aftertaste or unpleasant cigarette odor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!

## U. S. SENDS STAR BOARDERS TO THEIR HOMES

German prisoners lined up at Hoboken waiting to go on board transport.

Interned German prisoners from Forts Oglethorpe and McPherson, who have been held in the United States over two years, recently were placed on a board a transport and sent back home to Germany. These men had been living in pleasant surroundings and eating at Uncle Sam's expense.

## STRIKE CLAIMS

(Continued From Page 1) serve officers and placed them at points where they believed clashes might occur between strike sympathizers and men who attempted to return to the mills.

Mill officials stated today that they looked for a considerable number of men to return to work today and that they expected their forces would gradually be increased.

On the other hand union leaders said their ranks were not only unbowed but that they had made gains. Meetings were held Sunday by striking workers at several points in the district and leaders asserted that many men had joined the union.

John Fitzpatrick, chairman of the national committee for organizing the steel workers who was at his desk here today said he believed the strike was as good as won.

Instead of men going back to work "Mr. Fitzpatrick said more are going out every day. There isn't a chance to lose—the strike is as good as won."

## FEW QUIT WORK IN HARRISBURG MILLS

Harrisburg, Pa. Sept. 29—Every department of the Steelton plant of the Bethlehem Steel company was operating this morning with but slightly impaired forces. Walter Guver, secretary to Frank A. Robbins Jr., general manager at 7:30 a.m. said:

Very few men have answered the strike call and department managers shortly after the whistles sounded reported that they were operating with practically a complete force.

## ORDER IS IGNORED AT READING MILLS

Reading, Pa. Sept. 29—The order to strike at the local plant of the Bethlehem Steel company, was practically ignored this morning according to the management. The place employs over 1,000 men, and less than 75 failed to report for work. All of these are machinists. Every department of the

## TITUSVILLE PLANT OPERATES AS USUAL

Titusville, Pa. Sept. 29—Despite the strike order in effect today against the Bethlehem Steel corporation the local plant of that company operated as usual today. The workers here employ only a few hundred men, none of whom it was said heeded the strike call.

## MORE RETURN TO JOBS AT SHARON STEEL MILL

Sharon, Pa. Sept. 29—Announcement was made by officials of the Carnegie Steel company that many more men returned to work today than two blast furnaces are in full operation at the south works in Farrell and that the plant and blooming mills have practically full quotas.

## MILL MANAGER SAYS PLANT STILL RUNNING

Bethlehem, Pa. Sept. 29—The Bethlehem plant of the Bethlehem Steel corporation was very little affected this morning by the strike which had been called from Pittsburgh and there was no semblance of disorder at the entrance to the various plants when the shifts changed at 6 a.m. and again at 7:30 o'clock.

Officials of the company said that virtually the same number of employees appeared in the various departments as worked last night. The number of machinists left with their tools. The latter were said by the company officials to be mostly of the floating order who had been employed during the war. It could not be learned how many men came out at the 7:30 shift. The test is expected to come this afternoon and this evening with the change of shifts.

Mayor Johnston, who issued a proclamation calling upon the citizens to be law abiding and to assist in the maintenance of peace, was upon the scene early. He will not permit gatherings of any kind. The police department is well equipped to cope with the situation should any trouble arise as many additional officers have been sworn in.

Representatives of organized trades who met here last night announced that reports received stated that from 50 to 60 per cent of the men will walk out. The police took into custody William J. Bohning, secretary of a local union, for prevailing upon employees of the steel company not to go to work.

## MANY STRIKERS ARE BACK AT COATSVILLE

Coatsville, Pa. Sept. 29—Strike conditions were much improved today at the local steel plants, according to officials. The men returned to work this morning they said. At the Coatsville branch of the Midvale Steel company, 600 workmen remained out against 1,200 last week.

Reports were received here today that the hot mills of the Weirton, W. Va. and Steel company at Weirton, W. Va. affecting 3,000 men are closed today. The steel works, employing about 500, are in operation. This is the plant against which Steubenville, Ohio strikers threatened to march last week and the men did not respond to the strike call.

## OMAHA MAYOR

(Continued From Page 1) from an extension ladder. That was the last I saw of Brown.

"We have 125 prisoners in the jail Sunday morning. We released 150 men. Three men prisoners escaped, two were confined for petty offenses and one for burglary."

Since the present city administration came into the Weirton, the mayor has supported the police administration of Superintendent Ringer which has been known as a "reform" administration. He has supported such changes in the police personnel as were recommended by Mr. Ringer and this has been the source of considerable criticism by some newspapers. Twenty-eight years ago yesterday a negro named Neal was taken from the court house and hanged on a pole just across the street from where Brown met his death.

Mayor Smith is 59 years old and is a Democrat in politics. He is a lawyer and practiced his profession until chosen mayor a year ago last May. He succeeded James C. Dahlman who had held that office for 12 years.

This morning after the soldiers had begun restoring order in the city, many police officers stripped themselves of their insignia of authority and resigned forthwith. Most of the policemen who quit were men who had come into the service during the present administration.

## NO MILLS ARE

(Continued from Page 1) morning were that the hot mills 26 in numbers closed last night for an indefinite period. The company claimed the blast furnaces and strip steel departments were still working.

A posse of state police, 18 in number and headed by Captain John Eschew arrived in Weirton today, sent by Governor John J. Connell to preserve order in the mill town. The police reported no disorders of any kind.

The local strike committee yesterday called off the proposed parade of local strikers to the town of Weirton and wired a message to that effect to national headquarters.

## ARREST TWO STRIKERS FOR CARRYING PISTOLS

Canton, Sept. 29—Philip Culpa and Benando Alvaros, Spaniards who were on picket duty near the United States plant last night, are in the county jail on a charge of carrying concealed weapons. They had guns when arrested. A third gun was found by a deputy sheriff nearby.

The arrest of the two pickets was brought about by complaint of A. Hupey. He and his family were driving on a public highway near the United States plant last night. He was ordered to keep anybody from entering the plant and they thought Hupey and family were trying to get in.

Strike conditions at plant here today are unchanged from those of last week.

## STATE TROOPS HELD IN READINESS AT ARMORIES

Columbus, Sept. 29—Ohio National Guard troops mobilized at night by order of Governor Cox were today being held in readiness for further instructions. While the reason for assembling the infantry and three auxiliary companies was not made public, it is understood that the order was given to keep faith with Governor Connell of West Virginia, who feared an "invasion" of his state by striking steel workers from Steubenville and Mingo who had planned to march today to Weirton to induce steel workers there to quit work.

Word from Steubenville yesterday was to the effect that the proposed march would materialize. The leaders who admitted that the plan had been abandoned, said that it would not be necessary, since the Weirton workers would quit of their own accord today.

Ranking military officers of the state held a conference in Adjutant General Layton's office last night. The following officers were present: Colonel Benson W. Hoagh, Delaware; Major Walter W. Van Gieson, Columbus; Captains J. S. Bailey and H. H. Grove, Colonel John S. Sheller, quartermaster-general, and Colonel George P. Z. Werner of the ordnance department. It was intricated at the close of the session that Colonel Hoagh had been given command of the troops.

While indications are that there will be no more trouble along the West Virginia line, according to state officials, it is not known whether the troops will be held pending the developments of other possible serious situations.

The authorities went yesterday to procure three machine guns from Camp Sherman.

## MOTORIST FINDS TACKS SCATTERED ALONG ROAD

Orlando Nutter, the plumber was driving north on the Mt. Vernon road yesterday when he observed several shining objects and stopping his car gathered up a half pint of long, sharp tacks. Nutter reported the matter to the police department and an investigation is being made. The tacks were found between the bridge and the B. & O. railroad near Dry Creek and apparently were placed there by some miscreant. Nutter reported that he passed several machines whose owners were repairing their tires in that vicinity.

## BLAST ON WARSHIP INJURES FOUR MEN

Key West, Fla., Sept. 29—Four men were severely burned in an explosion in the boiler room of the destroyer Greene off Key West yesterday. Submarine chasers with physicians and assistants have gone to the aid of the destroyer which will be towed here today. No details of the accident were given in the message from the Greene.

Luxemburg—Plebiscite favors retention grand duchess and customs union with France.

## BELGIAN KING TO VISIT BOSTON NEXT SUNDAY

Washington, Sept. 28.—Boston will be the first city to be visited by King Albert and Queen Elizabeth when they leave New York this week on a tour of the United States. They will be in Boston next Sunday, it was said here today.

President Wilson will not receive King Albert and Queen Elizabeth at the White House until they return from a tour of the United States, it was learned definitely today at the White House.

## SOCIAL AFFAIRS

The Luther League of Holy Trinity church and its monthly business and social meeting at the church Tuesday evening of this week at 7:30 o'clock.

Miss Betty Jones of Bryn Du entertained the following guests at dinner Saturday evening at the Scio County club in Columbus: Miss Mary Sherwood Wright, Miss Martha Wright, Messrs. R. B. White and guest Mr. Watkins of Kansas City, William Titus of Chicago, Frank Spencer, and Ewing Webb of New York.

**Hisey-Lane.**  
Saturday morning at 11 o'clock, Dr. L. C. Sparks officiated at the marriage of Miss Vera Mae Lane and Mr. Ward Hisey. The ceremony took place at the parsonage of the First M. E. church in North Fifth street. They were attended by Miss Ida Thompson and Mr. Harry Rowe. Mr. and Mrs. Hisey will be at home in Johnston.

Mr. and Mrs. Louis Deutsch entertained at dinner Sunday honoring Mr. and Mrs. William J. Lacey of Greenville, parents of Mrs. Deutsch. The guests were: Mr. and Mrs. Harrison Layton and children, Raymond, Robert and Paul, Mrs. Mr. and Mrs. William J. Lacey and children, William, John, Katherine, Mr. John Lady, Edwin Louis, William Deutsch and Miss Esther Layton.

**Legge-Luckner.**  
The wedding of Miss Elfrida Luckner and Mr. Lawrence Brady Legge was solemnized Saturday evening at 6:30 o'clock at the home of the bride's parents, Mr. and Mrs. H. Luckner in 552 Prior avenue.

The ceremony was read by Rev. H. D. Wilken, pastor of the Pine street and North Newark C. U. church. The ring service was used.

A wedding dinner was served a number of relatives and friends. The bridegroom is the son of Mr. and Mrs. John Legge, and is employed by the Ohio Cities Gas company. Mr. and Mrs. Legge will be at home in 116 Wallace street.

Mrs. Carl Swisher entertained at the home of Mrs. John Swisher in Hudson avenue with a children's party Saturday afternoon. The event celebrated the fourth birthday anniversary of her son Herbert. The little guests enjoyed many games and luncheon was served. The table was picturesquely arranged in pink and white. A flower box ruffled in the chosen color contained the centerpiece of pink and white flowers, and from this pink ribbons were extended to each place, with gifts for the children. The favors were varied, the luncheon was pink and white as was the birthday cake.

The guests were Ann Linda Cooper, Betty Cooper, Helen Woolson, Agnes Marshall, Jean Jenkins, Billie Jane Kuster, Billie Morse, Margaret Hutchinson, Frances Hutchinson, Jimmie Elliott, Gerald Cohen, Fred Warner, Robert Keeley, Frederick Warner, and Richard Kibler.

## THE COURTS

**Erickson-Green.**  
Miss Edith Green of this city, daughter of Mr. and Mrs. J. W. Green residing in Ninth street, and Ernest Erickson, a civil engineer employed with an architectural firm in Columbus, and whose home is in Columbus, and who is now in this city, were married Saturday afternoon in the East Broad street Presbyterian church in Columbus, the ceremony being witnessed by Lawrence and Florence Green, brother and sister of the bride. Miss Green was given in a blue traveling suit with hat to match and after a wedding dinner at the Dresher Hotel, the newly wedded couple left for a trip up the Great Lakes with Duluth, Minn., as the objective point. They will return in two weeks and make their home in Columbus. The bride attended Athens University and was formerly employed as clerk of the justice court of Pletcher S. Scott and also at the Spillman garage. The bridegroom is acquainted with Miss Green while attending Denison university at Greenville. He is a member of the Phi Gamma Delta fraternity.

The marriage of Miss Nellie Gorman and Mr. John Gilbert will be solemnized Tuesday morning at 9 o'clock at St. Francis de Sales church.

Dr. and Mrs. P. H. Foster are entertaining a few friends this evening at dinner for the pleasure of Mr. and Mrs. Thomas Coulter of Dayton.

**START SAFETY CAMPAIGN.**  
Cleveland, Sept. 28.—Cleveland today entered a safety campaign for today previous to the opening of the eighth annual congress of the National Safety council Wednesday. Beginning today at noon a record of all accidents reported here will be posted on the bulletin board in the downtown district. If the city's record is fairly clean the example will be used in the safety campaign of every city in the country, it is said.

**BANDITS BIND WATCHMAN.**  
Toledo, Sept. 28.—Bandits shortly after midnight entered the local offices of the Standard Oil company and escaped with between \$5,000 and \$10,000 after binding and gagging a night watchman. A safe was blown to obtain the loot, part of which is in Liberty bonds. The watchman says there were two bandits. The exact amount of money and bonds taken has not been announced.

**WOMAN'S BODY FOUND.**  
Youngstown, Sept. 28.—The body of an unidentified woman about sixty years old with her clothes partly torn off and her skull crushed, apparently with a coupling pin was found behind a synagogue in an exclusive residence district here. Robbery is believed to have been the motive.

**NO SHIPS TO ENGLAND.**  
Washington, Sept. 28.—All sailing to ports in Great Britain have been cancelled by the shipping board because of the strike of railway workers there.

Lima, Peru.—William D. Handled, American consul general dies.

Vienna.—Mob of 600 makes anti-Jewish demonstration.

Detroit.—Twenty two ore carriers held up by congestion.

## OBITUARY

**Samuel Moul.**  
Jacob Moul, residing at 94 Burt avenue, received a telegram Saturday evening conveying the sad intelligence of the death of his oldest brother, Samuel Moul, who died the day before at his home, 1140 Dayton street, Wichita, Kansas. He formerly resided at West Jefferson, Madison county, O., and was well known in this city.

**J. E. Warner.**  
J. E. Warner, a well known farmer and citizen of Granville, died after a short illness last Wednesday at his home. He is survived by his wife, three daughters, a son, three brothers and a sister.

He was born August 20, 1859 in Delaware county, coming to Granville in 1880. He was united in marriage to Barbara Snider on April 14, 1881.

**Harold Franklin McPeck.**  
Funeral services for Harold Franklin McPeck, infant son of Mr. and Mrs. Frank McPeck, were held at the latter's home in Jefferson street at 2 o'clock this afternoon. Interment was made in the Wilson cemetery.

**Mrs. Carolina Thompson.**  
The funeral of Mrs. Carolina Thompson was held this afternoon, the cortege leaving the home in East Main street at 1 o'clock and services taking place at the Homer church. Interment was made in the village cemetery.

**Mrs. Eva Southwick.**  
Mrs. Eva Southwick died suddenly at her home at 26 West Locust street, Saturday evening at 9 o'clock.

Mrs. Southwick's death was most unexpected as she was about her usual duties on Friday all day. During the evening with some friends she visited Buckeye Lake and in the night after her return she was taken suddenly ill with ptomaine poisoning. Her illness developed rapidly and in spite of all efforts resulted fatally Saturday evening.

The deceased was a native of Ann Arbor, Mich., and was the daughter of Mr. and Mrs. Richard Leonard. She was left an orphan at an early age and was reared largely by her grandparents.

As a young woman she was united in marriage to Chester Alexander of Cleveland, widowed, with two small daughters, whom she reared with a mother's loving care. A few years after the death of Mr. Alexander she was married to E. J. Southwick of Cleveland.

During her residence in Cleveland she was actively engaged in the work of several charitable organizations where the great scope of her remarkably sympathetic nature character, personal magnetism and tireless energy for others enabled her to accomplish such splendid results as to create for her a high standing in this work in Cleveland.

In March 1915 Mrs. Southwick came to Newark and a few months later joined the staff of the Licking Creamery company as superintendent of the retail milk department operating throughout the city. In this capacity she succeeded signally.

In her private life she utilized her large acquaintance with the Newark public to follow the true bent of her nature in performing countless helpful acts for others.

Mrs. Southwick was 52 years of age. The body will be taken to Milan, Michigan for burial Tuesday morning. Funeral services will be held at 4 o'clock Monday afternoon at Bazler's Undertaking company.

**Says Husband Left Her.**  
Eva Noe has filed a petition in probate court against Clark Noe. They were married August 29, 1918, one child being born to them. The petition alleges that on August 16, 1919, the defendant took his wife and child to the home of her parents, stating that he was leaving her to live with them and telling her that she should remain there. She asks for alimony and the care, custody and control of their child.

**Common Pleas Notes.**  
In the case of Clara Horn, Executrix vs. Thos. McCauley, et al., the sale of the real estate described in the petition was confirmed, and a deed and distribution was ordered.

**Atlantic Standard Computing Scale Co. vs. Max Rothstein:** Motion to dismiss action, assigned for hearing Monday morning next.

**Harvey J. Alexander, Administrator, et al. vs. C. C. & S. L. Ry. Co.,** assigned from the assignment on account of indisposition of counsel.

**Harold Harmon, plaintiff in error vs. State of Ohio:** Argued and submitted to the court. A petition in error to reverse any of the judgments for running an automobile in Utah at an illegal rate of speed.

**Caroline Dresbach vs. Shrader and Hursey:** Motion to petition sustained. Leave to amend in 30 days.

**Corilla Kelly vs. Margaret Hall:** A suit for damages caused by injuries received by falling into a privy vault. Motion to petition sustained in part and overruled in part.

**B. Curry and C. F. Pierce vs. H. I. Brennan:** Motion to petition sustained; leave to amend in 30 days.

**Marriage Licenses.**  
Ward F. Hisey, a farmer, and Miss Vera Mae Lane, both of Johnston, Rev. L. C. Sparks to officiate.

Frank M. Field, a farmer of Linnton, and Miss Nettie Mae Drury of Franklin township, Rev. Mr. Ice to officiate.

Charles B. Petty, a barber and Miss Ella A. Scott, both of this city, Rev. J. M. Lamm named to officiate.

Lawrence Brady Legge, pipe liner, and Miss Elfrida Luckner, both of this city, Rev. Mr. Wickens named to officiate.

Truman E. Condit, a farmer and Miss Belle Rittenhouse, both of Pataaskala, O.

**Every Day Etiquette**  
"If a man wears full evening dress at a theater when he is with ladies, should he wear white gloves," asked Harold.

"If one goes to the opera white gloves are worn but they are not obligatory at the theater," replied his brother.

**ETIQUETTE.**  
"When it is proper to leave cards at a society event?" asked Grace.

"Card leaving is necessary after having received invitations to a wedding breakfast, a dinner, a luncheon, card party or theatre party. The reasons for this is that the invitations are personal. They are not invitations of a general nature to general affairs but are an especial mark of courtesy or compliment," said her sister.

## ITALIAN DEPUTIES ACT ON FIUME CASE

Pavia, Sept. 28.—A resolution demanding that Fiume be made an Italian city has been adopted by the Italian chamber of deputies, according to information received by the Italian delegation here.

## PERSONAL

Among the Newark boys who returned last week with the First Division are P. M. (Max) Bragg and Otto Bourner of Co. A, First Machine Gun battalion, who served a year overseas.

Ray Perry, who travels in the northwest is spending a week at his home here.

Mr. and Mrs. George Gore of Columbus have returned home after visiting their parents in Cedar street.

Mr. and Mrs. Burr Hüller, who motored to Newark from Akron, have returned home. Mrs. Charles E. Kirk accompanied them home.

Mr. and Mrs. Thomas Coulter, formerly of Newark, now located in Dayton, are visiting friends in Newark.

Mr. and Mrs. Robert Manely and little daughter Virginia, Mr. and Mrs. Charles Simons and Mr. and Mrs. Charles Crosser, motored to Newark from Zanesville on Sunday and were guests of Mr. and Mrs. O. K. Wheeler of North Buena Vista street.

Miss Emma Wheeler, assistant manager of the Chamber of Commerce, is quite ill at her home in North Cedar street, suffering from a cold.

Louis Murphy, who has been employed at the Wehrle company, left today for Mansfield, where he has taken a position with the Westinghouse Electric Product company.

Mrs. Edwin Haughey, 100 North Fourth street, is quietly celebrating her 85th birthday anniversary today. She is quite active and is receiving many callers.

Miss Marie E. Clouse of Clouse & Schaeffer left last night for Cleveland on business.

Miss Hazel Armstrong of East Main street has returned home from a two weeks' vacation in Cleveland.

Mr. and Mrs. Carl Reinhold and Mr. and Mrs. Wallace Reinhold have returned from a two weeks automobile tour through the west at 4 o'clock today for several days. In New York they witnessed the Follies and several other standard attractions and visited the famous race track Harve de Grace. They also stopped a few days in Washington.

Mr. and Mrs. James Keeley, former residents of this city but now residing in Grand Rapids, Mich., are the guests of Newark friends and relatives for a few days.

## Milady's Boudoir

**The Use of Oils.**  
Soap should be used very sparingly on a skin that is inclined to be dry, and after using the soap the skin should be thoroughly rinsed. Then olive slightly heated should be well rubbed into the skin. When pores refuse to absorb any more of the oil, wipe off the superfluous quantity with a piece of soft linen. The oil extracted from the olive will remove the dry skin into one that is soft and velvety.

If it is necessary to cleanse the skin frequently during the day, substitute the following cleansing cream containing almond oil, for soap and water. White wax one ounce, spermaceti one ounce, sweet almond oil six ounces, distilled water one ounce, glycerine one ounce and salicylic acid forty five grains.

If your neck lacks that roundness that spells beauty you will have to fill out the depressions by feeding the starved tissues with cocoa oil. Before applying the remedy bathe the neck and throat with warm water so that the pores will be open and ready to absorb the oil. Rub it into the skin with gentle rotary motion.

It is the desire of every woman to have white, plump arms. Almond oil will make it possible to possess beautiful arms if it is applied daily. The oil should be slightly heated and a liberal amount rubbed into the arms. Particular attention should be given to the skin of the elbows, for if they are rough the appearance of even well shaped arms will be spoiled.

Refrain from leaning on the elbows as much as possible for this helps to make them unsightly. The roughness may also be due to careless drying of the skin. Always rub the elbows vigorously with a Turkish towel and then apply almond oil.

**Too Florida a Skin.**  
There are many women who suffer from a chronic condition of what is called a red face. Women with blue eyes, light hair and pink and white faces are victims of this condition which is known as struma. Blondes are inflamed, congested, catarrhal and gouty and should avoid all highly spiced foods, vinegar or condiments of any kind.

This is apt to produce a general unhealthy action of the skin which soon shows in dryness, blotches and discoloration. The remedy is to keep the skin with nervous dispositions should restrict themselves to a diet of vegetables, eggs, milk broths or all kinds, fruits both fresh and dried and their daily beverages should be plain water, mineral water and milk. Tea or coffee should never be taken.

Overeating is fatal. For the slender, anemic brunettes whose blood is thin and whose temperament is watery, this is not always true. She may partake of rare beefsteak, oysters, champagne and tonic beverages, in fact she may eat or drink anything she wishes. But she should drink plenty of water, and if she wishes to be fair, creamy, brunettes skin, she should use tea and coffee sparingly.

Keeping out of doors always helps to retain a good skin, although when the sun is hot the face should always be protected with a shade hat. Working the face is said to be splendid for the complexion and, strange as it may seem, aids digestion.

**Our Boys and Girls**  
It is probable that parents are not teaching their children in these times to be as frugal and economical as our girls to be. The present day lads and girls to be. The present day lads and lasses are losing some sort of the sturdy characteristics which their forefathers possessed. Thrift is not stinginess, it is not narrowness, it is making the most of what one has. It is making the most of the existing circumstances and surroundings.

You have gone, sometime, upon the side of a hill and have beheld trees growing, as it appeared, out of the solid rock. They were not beautiful, symmetrical trees, they were not fruit bearing trees, yet they were thrifty trees because they made the most of their surroundings. They did their

# Utmost Value in Heating \$99

## World's Greatest Invention

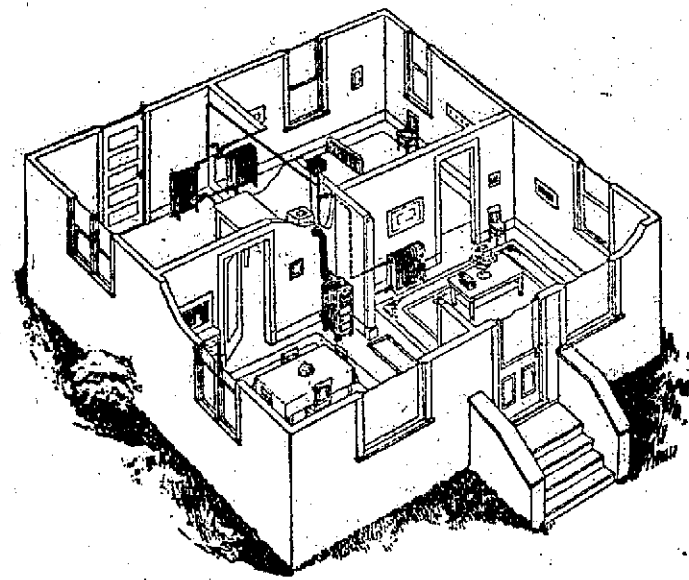

## New IDEAL-Arcola Radiator-Boiler

Puts IDEAL HOT WATER HEATING comfort at low cost in cottages, flats, or stores, with or without cellars.

The IDEAL-Arcola takes the place of a parlor stove. But a stove wastes much of its heat up the chimney, whereas the IDEAL-Arcola is water-jacketed, and conveys its heat by hot water circulation through pipe-connected AMERICAN Radiators stationed in the adjoining rooms. Every bit of the big volume of heat developed from each pound of fuel is therefore made useful in keeping ALL the rooms uniformly, healthfully warm. There is no coal-waste. The IDEAL-Arcola does not rust out or wear out—will outlast the building—is a genuine, permanent investment!

## Shipped complete ready for immediate operation

The beauty of the IDEAL-Arcola method is that no cellar is needed. Everything is on one floor. The Arcola is placed in any room that has a chimney connection. No running to cellar. If there are two or more tenants in the building, each can have his own Arcola and make the temperature to suit his own needs—can make his own climate! If you do not wish at first to heat the entire building, buy a small size IDEAL-Arcola and later on buy extra sections for the IDEAL-Arcola and two or three more radiators to warm more rooms.

Simple way of heating a four-room cellarless cottage by IDEAL-Arcola Radiator-Boiler and three AMERICAN Radiators.

## Cleanly heating—healthful heating—free from fire risk!

Unlike stoves, there are no coal-gas leaks into the living-rooms. The IDEAL-Arcola delivers the soft, radiant warmth of hot water—not the dry, burn-out atmosphere of stove heating. There is no fire-risk to building—no danger to children—fire lasts for hours! The Arcola burns hard or soft coal, coke, gas, or wood. Brings cost of heating down to the lowest notch—and gives IDEAL comfort.

Catalog showing open views of houses, individual flats, stores, offices, etc., with the IDEAL-Arcola Boiler in position will be mailed (free). Write today.

best with their scanty soil and their limited opportunities.

This is the secret of true success, of true thrift. It is the grasping and holding on to those things, and only those, which can be built into the highest well being, the noblest character, with such an end in view, takes a new shape, and enables one to do without many things and to make the most of others. It means to reach after the very best things in life and to squander nothing.

In the country lack of ice is often felt. There is no doubt that this makes feeding a baby with cows milk much more difficult, but it is usually possible to manage. If no ice can be had for the milk, after being strained and put in sterilized glass bottles, it should be put in a spring or a brook of running water, or sunk in a well, so that the cooling process may be rapid. Wire racks or even a pail may be used to hold the bottles, but they must be so arranged that the cold water will extend as high as the milk in the bottle, yet so it will not run or leak into the top of the corked bottle. It is the first rapid cooling of the milk that is so important. After the milk has stood in this water for an hour it may be used to prepare the whole milk formulas, or if top milk is needed, it will have to remain for six hours.

After the separate bottles for each meal have been prepared the milk should be placed back in the cold spring or well water at once and kept there until it is time to warm the food at the baby's meal hour. Keeping the bottled milk in a cellar, covered with cloths wet with cold water or standing in a draft of air is a method sometimes used, but the well or spring water method is the best where ice cannot be had. This milk should only georgette waist deep.

## MRS. SANFORD'S MESSAGE TO WORKING WOMEN

Laurel, Miss.—"Eight years ago I was suffering with pains and weakness caused by a female trouble. I had headaches, chills and fevers, and was unable to do my work part of the time. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took twelve bottles of it, and my health has been good ever since. I am able to run the machine and do dress-making besides my housework. You are at liberty to publish my letter if it will help some poor suffering woman."

Mrs. J. C. SANFORD, 1237 Second Ave., Laurel, Miss.

Thousands of women drag along from day to day in just such a miserable condition as was Mrs. Sanford, or suffering from displacements, irregularities, inflammation, ulceration, backache, sideache, headache, nervousness, or "the blues."

Such women should profit by Mrs. Sanford's experience and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and find relief from their sufferings as she did. For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their long experience is at your service.

## AMUSEMENTS

### AUDITORIUM

#### "A Temperamental Wife."

Transforming a dignified, rather staid and unmarried Senator into a husband for a jealous-natured and most fascinating young girl is the work of Billie Billings, whose role is played by Constance Talmadge in "A Temperamental Wife," which will be seen today at the Auditorium theatre.

Billie has a strong dislike for married men who flirt. She determines that her husband must be entirely hers; and take absolutely no notice of other women. Although a perfectly good Bulgarian Count is hers for the acceptance, and though scores of other male admirers would consider themselves fortunate to marry her, she decided that she must marry the bashful Senator even if she has to do it by force. And she very nearly does!

"Sleeping Partners."

The way the French "do these things," in contrast to the American manner is exemplified in an extremely clever comedy conception, "Sleeping Partners," which will serve Edna Goodrich as a starring vehicle the coming season and which will be the attraction at the Auditorium theatre Wednesday, October 21st.

It is totally different from anything seen in America. Translated from the

during the time the three features were running. Desmond never appeared to a better advantage, his pictures have grown better of late and yesterday's offering was considerably above the highest par of his past pictures. "The Gamble" was especially thrilling and "Fatty" was at his best, and you know what that means. The same program will be reproduced this afternoon and evening.

ALIAMBRA

"The Cruise of the Make-Believes."

There is one charming scene in "The Cruise of the Make-Believes," the first Paramount picture starring Lila Lee, where the little heroine, Bessie McGinnis, and Gilbert Lyfield, the young man-next-door, go forth to a fifty-cent table d'hôte dinner.

"Can you afford it?" asks Bessie, wide-eyed, when Gilbert invites her.

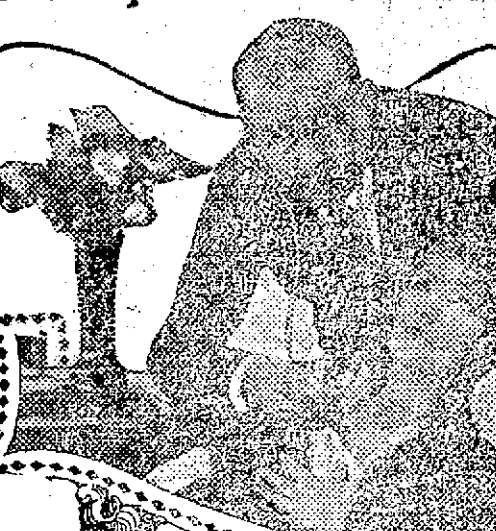

"I think so," he answers, smiling. Being a millionaire incognito, why worry about a dollar?

So they go to a cheap restaurant, and Bessie eats and is happy. As she goes through the courses she remarks to Gilbert, "I mustn't leave anything. It would be awful to waste anything now."

"Quite right," he assented approvingly.

So Bessie eats on, and when she has

### Constance Talmadge "A Temperamental Wife"

French of Sacha Guitry by the clever hand of George Chios, the atmosphere is there, the adroitness of dialogue and situation and the consummate expertise of workmanship which characterize the French farce in its highest and most modern form.

The play tells the story of a cleverly delicate quality that would lose much in the mere description of plot. It is a thing which evaporates like the whiffs of perfume played over the rich furniture of the bachelor room, and incidentally the audience French to the core from the three raps and the gong which announce the rise of the curtain; through its unfolding of the typical French triangle, and the final unique situation of the husband falling asleep under the sleeping potion as the wife had done in the previous act, with the American as the "watcher." Its all very fanciful light and gay, amusing and witty, ingenious and clever, played by the beautiful Edna Goodrich, supported by a company which brings out the full glint and gleam in the sparkling texture of the material. Seats are now on sale.

devooured all she can, the waitress brings pie and coffee.

"Oh my!" sighed Bessie. And then, resolutely, "Well, I mustn't leave it." And she didn't.

This is only one of many delightful scenes in "The Cruise of the Make-Believes," which will be shown for the first time in this city at the Alhambra theatre today and tomorrow. A comedy is also shown.

The Splendid Sin.

For Wednesday and Thursday at the Alhambra Madeline Travers in "The Splendid Sin," a William Fox Photoplay. This is one of her best works and should draw capacity houses.

One of the Finest.

The more observing of Tom Moore's admirers have remarked more than once on the uncommon tenderness with which he plays even calling for filial devotion in his Goldwyn Pictures. There is something more than an em-

"The Bride Shop."

George Chios, producer of the successful musical show, "The Bride Shop," which will be on view at the Auditorium on Saturday afternoon and evening, prides himself on the acquisition of a new word to his vocabulary. He invited a friend to see one of the rehearsals of his show and said friend expressed himself as being unusually pleased with the production, particularly, he added "as it is one of the few musical shows where the whole company is full of spizzinkum."

After he had gone Mr. Chios became puzzled as to what his friend meant by spizzinkum. He asked several people but no one could explain. After he reached his office he picked up a 1913 dictionary and found that spizzinkum is a new and honest-to-goodness word and is defined as meaning: "Full of vim, activity, life and pep." So now producer Chios uses the word regularly.

Auditorium-Alhambra Notes.

Paths News with its world-wide events, continues to be a big feature at the Auditorium and is seen today and tomorrow. Chester Outing is added. At the Alhambra a good comedy (seen yesterday at Auditorium) also Current Events are shown. Spanuth's Original Voda-vil still continues to be the Wednesday-Thursday feature at the Alhambra.

GRAND.

Plenty of prizes was given the triple bill, "Sage Brush Hamlet," featuring Billy Desmond; the fifth chapter of the "Great Gamble," featuring Anne Luther and Charles Hutchinson, and "Fatty" Arbuckle in his new picture, at the Grand yesterday afternoon and evening. The quality of the entertainment merited the high compliment paid it, for there wasn't a slow moment

TOM MOORE  
ONE OF THE  
FINEST  
Goldwyn Pictures

brace when he seeks the sympathy and counsel of his screen mother. An intangible difference is noted when he takes her in his arms and tells her not to worry, that whatever problem is troubling her will come out all right in the end. What is this difference and why is it there? Nothing more or less than the fact of the rare sympathy

## WAS ADVISED TO USE NERV-WORTH BY TWO DOCTORS

Charles F. Johnson Makes Significant Signed Statement.

Mr. Johnson says that when advising himself and wife to take Nerv-Worth the doctors spoke of it as "fine medicine." Here is the story as given to the Columbus Nerv-Worth druggist not long ago:

The Mykrantz Co.—My wife and I have used Nerv-Worth with wonderfully beneficial results. She had been troubled for years with severe nervousness. It was in the back of her neck. Stomach and digestion in bad shape. Restless at night and very much run down.

I had serious nervous trouble. Tossed about the bed all night long and worn out by morning and it was pulling me down in strength and something had to be done to get relief as it was affecting my eyesight. We both found it in Nerv-Worth, which put us in good shape and did it quick. It is a wonderful medicine and tonic and rid us of all our nervous troubles. We both eat and sleep well and enjoy good health. We recommend Nerv-Worth to all. It was recommended to us by two doctors.

CHARLES F. JOHNSON,  
330 West Third Ave., Columbus.

T. J. Evans sells Nerv-Worth in Newark. Your dollar back if this family tonic does not benefit you.

Neighborhood Nerv-Worth drug stores: The Utica, Utica; Howard's, Johnstown; Ullman's Granville.—Adv. 9-26-29

thy and understanding existing between Tom Moore and his own mother.

She is keeping house for him and his little daughter, Alice near the Goldwyn Studios in California, and when he bids the two goodby every morning on the porch of their bungalow home the neighbors enjoy a scene which, as it happens, is duplicated in his new Goldwyn Picture, "One of the Finest," which comes to the Alhambra theatre beginning Friday.

Tom Moore is Larry Hayes, a traffic policeman, who lives with his mother and his little foster-daughter, Mary Jane Jackson, who is not much bigger than his own adored Alice. Any number of charming moments in the home of the trio are portrayed in the appealing comedy-drama, those moments when mother and son confide in each other being easily the most typical of the likable star.

LYRIC

The Lyric theatre will be the scene all week, of one of the highest class musicals that have been here for a long time. The company appearing this week, is Orth and Coleman's "Gaiety Girls." Russ Forth is the leading comedian and he is supported by a cast and beauty chorus which is not excelled in this circuit. Change of program three times during the week.

GEM

Jealous men, take notice! If you desire to be cured, see Dorothy Dalton in her new Paramount photoplay, "Green Eyes," at the Gem theatre today. This should show you how baseless jealousy is and how faith and trust bring happiness to human lives.

New arrivals in Young Men's Better Suits, priced for quick-selling, \$22.50 to \$25.00.—THE HUB.

NOTICE OF ELECTION

Notice is hereby given under Section 6026-2 of the General Code of Ohio by the County Commissioners of Licking County, Ohio, that on Tuesday, the 4th day of November, A. D. 1914, at the polls of all precincts of said county and within the regular voting hours, there will be submitted to the electors of said county the question of exempting from all tax limitations the levy of two mills provided by Section 6026 of the General Code for the purpose of paying such county's proportion of the compensation, damages, costs and expenses of constructing, reconstructing, maintaining and repairing county roads, such exemptions to continue for the term of ten years.

Witness our hands this 24th day of September, 1914.

C. D. LAKE,  
J. E. McCRACKEN,  
J. C. BUTT,

County Commissioners of Licking County, Ohio.

Young Men's Belt and Waist-Scam Suits, \$22.50—Regular \$25.00 values. Beauties in color and design. The Hub.

The production of petroleum in Japan has been decreasing each year since 1914 although the domestic demand has increased.

Boys' Suits at \$9.98. Equaling many \$12.00 values.—THE HUB.

A small brush and a cake of soap can be carried in the handle of a new safety razor designed for traveling men.

Young Men's Fall and Winter Suits \$15.00 to \$22.50.—THE HUB.

"Beauty is only skin deep," quoted the Wise Guy. "Still, some of the prettiest girls are deeper than they look," added the Simple Mug.

Lila Lee

"The Cruise of the Make-Believes"

A Paramount Picture

AT

ALHAMBRA

TODAY—TOMORROW

LILA LEE WAS CHOSEN FROM THOUSANDS TO BE FAMOUS

Lila Lee is the lucky girl who was chosen from thousands of aspirants for motion picture fame.

The experts say that this 16-year-old girl is THE coming star.

They have started her steps on the paths that have been trod by the film players whose names are household words.

Is she worthy of the honor? Will she make good?

Come to see her in "The Cruise of the Make-Believes" and judge for yourself.

A

Word

About

Prices

It is very rare indeed that we have occasion to discuss prices with our customers.

Today, 'as in the ups and downs of prices since 1914,—and there have been more ups than downs—we are confident our prices are lower than the prevailing market for equal quality.

This policy is in line with our determination to sell at a fair profit rather than for all we can get. It is to your own interest to verify this statement of our policy by "Looking Over" our showing of Fall and Winter Footwear before buying.

JONES AND WESSON

Men's 35c Hosiery, 25c.—THE HUB.

FOR SKIN TORTURE

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

The E. W. Rose Co., Cleveland, O.

Men's Fall and Winter Suits, \$18.00 and \$20.00. Unusual qualities, priced low.—THE HUB.

Alsike: prime cash and Oct., 26.35, Dec., 26.50; March, 27.25.  
Timothy: prime cash, (1917) 55.40; cash, (1918) 55.92 1-2; cash, (1919), 55.70; Sept., 55.70; Oct., 55.72 1-2; Dec., 55.60; March, 55.70; April, 55.72.

**Wall Street.**  
New York, Sept. 19.—A critical period in the opening strike exerted little adverse effect on industrial shares at

the opening of today's stock market aside from a moderate decline in United States Steel, the general list showing marked strength. Crucible Steel was again the leader, advancing 3 points to the new high record of 235, from which it soon reacted 4 points, followed by a partial rally. Bethlehem Steel yielded 3 points at the opening but rebounded almost immediately. Shippings, rails, tobacco and sugar were high. Profit taking caused the usual irregularity before the end of the first half hour.

Unsettled during the morning centered mainly in steels and iron, reactions resulting more from realizing than short selling. United States Steel extended its loss to 1 1-2 points. Crucible fluctuated in a 6 point radius. Bethlehem "B" forfeited much of its recovery and Baldwin Locomotive lost 3 points. These were offset by the strength of oil, leather, rubber, metal and food issues in which gains ranged from 2 to 10 points. Rails and shippings became dull and hesitant. Call money opened at 6 percent.

**Chicago Grain Review.**  
Chicago, Sept. 19.—Weakness developed in the corn market today as a result of lack of support. Opening prices, which varied from 3-8c off to 7-8c advance, with December 1 1-2 to 1 1-8, and May, 1 1-4 to 1 1-4 3-4 were followed by a material setback all around.

Oats fell with corn after opening unchanged to a quarter cent off, including December at 70 5-8 to 71c the market underwent a decided sag.

Provisions were dragged down by the action of grain and hogs. There was no aggressive buying.

**Pittsburgh Live Stock.**  
Pittsburgh, Sept. 19.—Cattle: receipts 2,500, lower. Steers \$15@16, heifers \$11@12 1-2; cows, \$9@10.  
Hogs: receipts 6,000; steady. Heavies \$17.25@17.50; heavy Yorkers, \$17.50@18; light Yorkers, \$17@17.50; pigs, \$16.50@17.  
Sheep and lambs: receipts 3,100; higher. Top sheep \$10.50@10.75; top lambs \$13@15.75.  
Calves: receipts 600; steady. Top \$22.50.

**Ohio Cites Gas.**  
Columbus, O., Sept. 19.—Cities service company, 47.88@48.33; preferred 77@78. Do bankers 49 1-4@50. Ohio Gas 54 last sale.

**Chicago Grain Closing.**  
Chicago, Sept. 19.—Corn Dec. 1 1-4 3-4; May, 1 1-4 3-4.  
Oats Dec. 96 7-8; May 72 3-4.  
Pork Oct. 35 30; Jan. 34.25.  
Lard Oct. 26.35; Jan. 22.60.  
Ribs Oct. 19.10; Jan. 18.20.

**Liberty Bonds.**  
New York, Sept. 19.—Liberty bond prices at 2 1-2 p. m. were: 3 1-2s, \$100, first 4s, \$95.30; second 4 1-2s, \$94.38; first 4 1-4s, \$95.50; second 4 1-4s, \$94.48; third 4 1-4s, \$96.25; fourth 4 1-4s, \$94.48; Victory, 3 3-4s, \$95.96; Victory 4 3-4s, \$99.50.

**Jutland's Wealth in Peat.**  
The utilization of the largest peat areas in the north part of Jutland is receiving much attention. The area is said to be as much as 28,000 acres, which might be completely drained by gravitation, and the total contents would be equivalent to 22,000,000 tons of coal.

**Scotland's Oldest Church.**  
A church at Birnie, not far from Elgin, Scotland, is believed to be the oldest house of public worship still in use in that land. Tradition says that it was built in 1150, and it still possesses an ancient Celtic bell of hammered brass.

**As to Conforming to Fashion.**  
Avoid singularity. There may often be less vanity in following the new modes than in adhering to the old ones. It is true that the foolish invent them, but the wise may conform to, instead of contradicting them.—Joubert.

**Beecher's Wise Words.**  
Put away all sarcasm from your speech. Never complain. Do not prophesy evil. Have a good word for every one or else keep silent.—Henry Ward Beecher.

**Learning to Be Miserable.**  
Blessings on the little folks that have not yet learned to be miserable! Smiles and bright faces are their natural meat and drink. We may all stay just that way if we will. How? By putting the very best there is in us into doing things for other folks.—Exchange.

**MADAME ALPHA HARTT.**  
TRANCE MEDIUM, NOW LOCATED AT 396 HUDSON AVENUE, NEWARK, OHIO.

Famous Spiritualist Medium. Consult the woman with a reputation. Madame Hartt has leased the property at 396 Hudson Avenue and will be located permanently. NOT A FORTUNE TELLER. But a Spiritualist. If you are looking for a fortune teller I DO NOT CALL ON MADAME HARTT. I tell you exactly what you want to know concerning the very affairs in which you are deeply interested. Simply baffles description and amazes the entire civilized world. Gives dates, facts, figures, tells you of living or dead. Satisfaction guaranteed. Calls you by your name in full or it costs you nothing. Tells you of your troubles, the cause, and remedy. In fact, everything. Gives you infallible advice on all affairs of life, speculations and transactions of every nature. If you are worried, perplexed or in trouble call to day.

No call on Madame Hartt under the impression that you are calling on a fortune teller clairvoyant, astrologist, or palmist. Madame Hartt is not a seeress of any kind but a genuine spiritualist who practices strictly within the confines of her religion, spiritualism.

Madame Hartt now located at 396 Hudson Avenue, corner of North Street and Hudson Avenue. Hours 1:00 to 8:00 p. m., daily.

Take North Fourth Street car or Hudson Avenue bus and get off right at door. Auto phone 7067. 9-29-6t

Two fox hounds, one black and blue spotted, other one red, reward, auto 3213 or 4753. 9-27-3tx

**Compressed Atmosphere.**  
If the atmosphere of the earth were compressed to the density of water, it would occupy a space of 1,208,000 cubic miles. The idea may be expressed more vividly when it is said that the whole gaseous envelope of the earth, if compressed to this degree, would fill a tank 100 miles high, 100 miles wide and 100 miles long.

**Aptitude Counts.**  
Experienced men are not always the ones with executive ability; they often get into a rut. It is the man with aptitude that counts, and if one has that quality he can quite readily get experience, but he must have the chance to show it, and if he doesn't get the opportunity then business houses are the losers.

A back for a bath tub seat has been patented that enables bathers to recline comfortably.

## THE WOMAN WHO CHOOSES HER NEW SUIT OR COAT NOW!

has many advantages over those who wait until the season has advanced. Stocks are now more complete, showing an unusually large assortment of styles, which have been coming in for the past six weeks. Then—the garments purchased now give you a longer wearing period, as well as having the satisfaction of selecting from more choice styles than you will be able to choose from later.

### IT'S VERY IMPORTANT TO BUY EARLY THIS YEAR

Why not come in early this week? On account of the scarcity of wool fabrics, manufacturers are advising us daily of numbers they cannot duplicate, while other cloths which can be duplicated on, are much higher than those purchased early in this season, so remember—

- 1—The variety is greater now than at any time.
- 2—The early bought garment gives you the longer wearing period.
- 3—Prices will be higher later.

### A Wooltex Tailor-Made Is a Good Investment

PEOPLE are thinking more of values these days than ever before. A dollar does not go half so far as it did, and a woman wants to be pretty sure when buying style she is receiving quality as well.

In searching the market for tailor-mades that we were sure would meet up with your idea of value we decided upon Wooltex as having those very qualities that make good value—fine fabrics, excellent tailoring and smart style.

They mean satisfactory wear for a long period of time; and "That Well-Dressed Look" every woman desires.

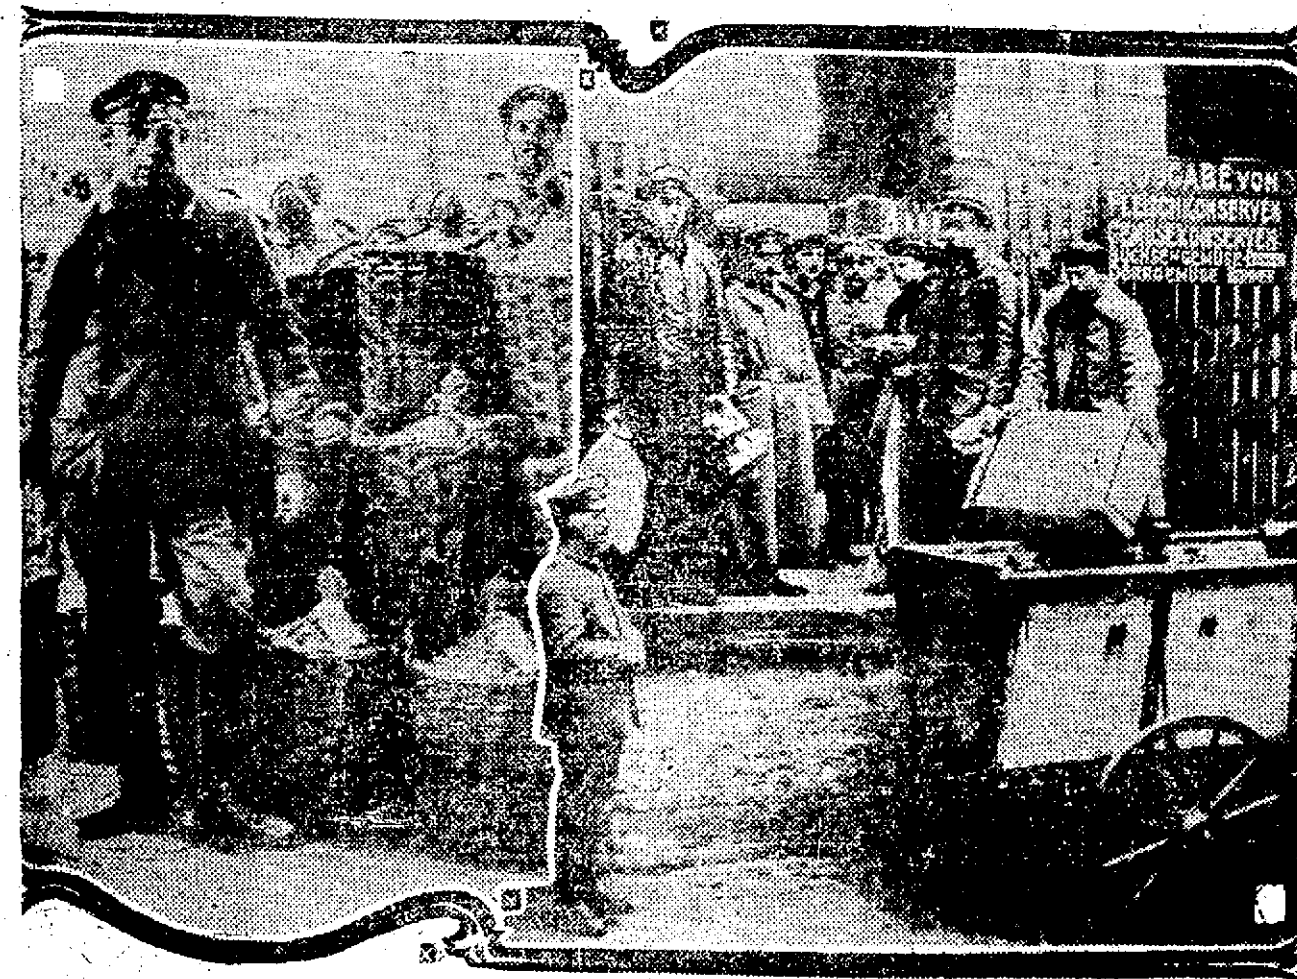

Style 3460—Named the Grenoble for the flare of its skirt at the sides and back—the new style origination of Wooltex, one of a few exclusive Wooltex Tailor-made models now on display. The belt is patent leather. The wide collar may be worn open or closed. The plaid-velour, the diagonal slash pockets and the wide cuffs all make this coat an especial favorite of youth.

Wooltex Tailor-Mades designed and made by THE H. BLACK CO. Cleveland New York

### GERMANY'S MAIN WEAPON IN FIGHTING REDS IS FOOD

Ex-soldiers distributing wine and food from station in Germany.

German officials realize that their best weapon in the war against Bolshevism, which is menacing their country, is food. Consequently all possible means are being taken to distribute as equally as possible all food and wine that can be obtained. Ex-soldiers are used in the distributing station.

**IT is the continuous advertiser that grows. A single drop of water on a stone will not make an impression. It takes a continuous dropping of water to wear through the stone and make an impression.**

### MERELY GIVEN LONG NAMES

Decoctions Prescribed by High-Priced Physicians Made From Familiar Wayside Herbs.

Many of the secrets hidden under the thack of the wattle and daub cottages can be found in the pharmacopoeia of either the allopathist or the homeopathist, observes the London Daily Express.

Willow tea is but a crude form of the salicylates which have long been recognized as the orthodox anti-uric acid and anti-pyretic remedies.

Common mallow, called "pick-cheeses" by children, provides a tasteless mucilaginous liquid, which is worked up in various shapes and given for coughs. The leaves of the colts-foot, horehound and balm are all used, in liquid form mostly, for coughs and chest affections.

Foxglove cordial is given to old people suffering from palpitation of the heart, and does as much good as when it is called "tinc. digitalis."

Camomile and dandelion broths or teas are sold as tonics by the wise women who would be at a loss to say what was meant by Anthemis nobilis or Taraxacum.

Beautiful comfrey is used, both plant and root, as a poultice for cancerous and other growths, and a broth is made from it for kidney affections. This has obtained official recognition under the name of Symphytum officinale.

The "cure" for measles is saffron tea. This is prepared by pouring boiling water on the dried stigmas of the purple autumn crocus. An infusion of flaxseed cleanses and heals wounds. Self heal has cured quinsy; sage has many valuable qualities.

### FIRST KNOWN USE OF CIGARS

Mentioned by Name in Book Published in 1740, but Were Smoked Before That Time.

The earliest known mention of cigars is in a book published in 1740 under the title of "Distresses and Adventures of John Cockburn." It appears that Cockburn was cast on a desert island in the Bay of Honduras, from which he swam to the mainland, and thence traveled afoot to Porto Bello, a distance of 2,600 miles. Here he met some friars who gave him some "segars" to smoke. "These," he says, "are some leaves of tobacco rolled up in some manner that serves both as pipe and the tobacco itself." Though this is the earliest date at which cigars appear to be mentioned by that name, so far back as 1498 two soldiers sent by Columbus to explore Cuba told their companions on their return how the natives carried in their mouths a lighted firebrand made from the leaves of a certain herb, rolled up in maize leaves. The description of an Indian method of smoking given by Lionel Water, in his "Travels in the Isthmus of Darien," in 1699, shows that they then smoked cigars made just as we make them now. The manufacture and consumption of cigars in northern Europe only dates from the close of the seventeenth century.

### Music and Thinking.

About 1000 A. D. a monk in an Italian monastery had been thinking about the long, laborious task of training singers for the church service. Ten years were required for a singer to memorize words and music of the various chants and hymns used! There was no system for learning a new tune independent of the words.

And while he was thinking he heard his choirboys practicing one of their lessons, a hymn that rose in pitch with the first syllable of each successive line, just as the scale series was formed.

Thought flashed! And the result of his thinking was the use of the syllables ut (changed to do later), re, mi, fa, sol, la, si to facilitate scale learning. The immediate result was that Guido's choirboys learned all their tunes—and could take new ones—in six months as against ten years in the old way.

And the indirect result is that boys and girls in the schools of this country learn the scales by a process similar to that thought out by a monk in Italy nearly 1,000 years ago.

### Aegean Islands.

The Aegean islands are Thasos, in the extreme north, off the Macedonian coast; Samothrace, Imbros, and Lemnos, near the Dardanelles; Euboea, the largest of all, lying close along the east coast of the Greek peninsula; the northern Sporades, including Skiathos, Skopelos, and Skyros, near Euboea; Lesbos, Ochos, Samos, and the large group of other Sporades, such as Rhodes, Cos, and Patmos, adjacent to the coast of Asia Minor; and, finally, the large group, the Cyclades, extending southward from Euboea toward Crete and including Andros, Delos, Naxos, Paros and Melos.—Literary Digest.

### Military Correspondence.

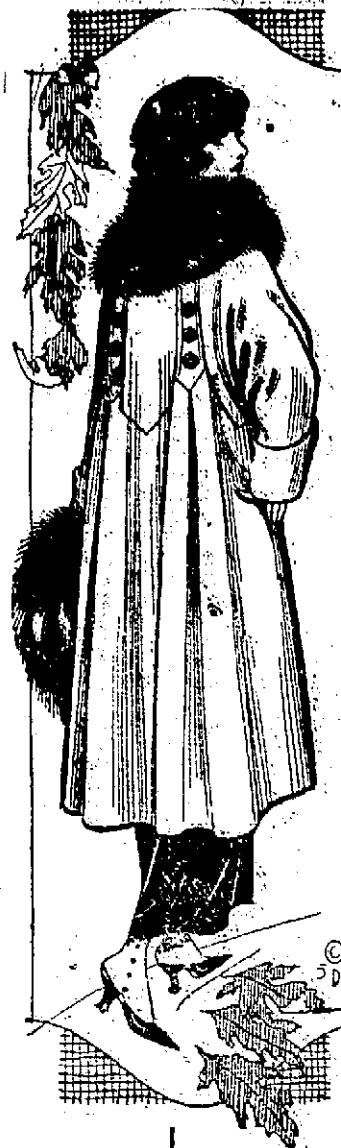

"Why did you reject Col. Puffersby?"  
"Too much military efficiency."  
"How was that?"  
"His last letter to me started off something like this: 'From Col. Puffersby. To Miss Gloria Piffle. Subject, Love.'—Birmingham Age-Herald."

### Flatterer.

She (relating experience)—Really, for a time I was quite beside myself.  
He—You had a charming companion.  
—Boston Evening Transcript.

Boys' School Trousers, \$1.98 Lined, Unlined, \$1.48.—THE HUB.

## Fall and Winter COATS Of Distinction

For the woman seeking a note of difference our collection of newly arrived coats presents a fountain of ideas—new and authentic of course—Coats in fashionable new fabrics—soft, lustrous and serviceable in every shade of the season—Fur-trimmed or self-trimmed of unusual charm.
